

Join Our Team

Registered Massage Therapist

The Orchid Massage & Wellness Centre is currently seeking applications for Registered Massage Therapists to join our team.

Located in Kingston's West End, we provide Therapeutic Massage and Reflexology services. Pain management does not have to feel clinical. Our facility features quiet comfortable rooms in a warm & relaxing setting to help clients fully relax & alleviate pain in a spa like setting. We support your professional needs, provide a great work environment, and fully accommodate your clientele.

Our facility was built for RMT's by RMT's. With the help of a professional interior designer, we created a space that is not only beautiful, but functionally designed with you in mind. Large, open lobby & reception area with two reception desks so we can check in & check out your clientele more efficiently. Generous spacing allows clients to wait in the lobby area, even with client spacing in mind.

Fully integrated client management software for seamless booking, scheduling, payments & file management. Spacious, quiet rooms with dimmable lighting. Individual volume control in each room so you can modify the volume of music to best suit your client's needs.

Stationary Massage tables with adjustable headrests, under table storage, and hydraulic lift.

Our large staff lounge offers ample seating and dining areas, with a kitchenette and separate staff washroom. A separate office for client paperwork, a lobby monitor so you can view when your clients arrive, individual coat, shoes/personal items storage & dedicated staff entrance.

Off-site linen service with separate rooms for dirty and clean linens and professional weekly cleaning services.
